REASONS FOR ALLOWANCE

1. The following is an Examiner's Statement of Reasons for Allowance:

Claims 13-18 are allowable over the prior art of record.

The examiner has found that the prior art of record does not teach or suggest or render obvious a specific combination of a method for processing ingress messages for a state based application being executed by network processor and having a plurality of states.

Specifically, the prior art of record does not teach or suggest or render obvious the limitations that associating a first/second state of the state based application to a first/second set of message classes that are receivable by the state based application while the state based application is in the first/second state; the first/second set of message classes being distinct from each other; assigning the first/second set of message classes to a first/second semaphore; responsive to the state based application being in the first/second state, the state based application blocking the first/second semaphore; and the first/second semaphore waking the state based application to process an ingress message responsive to the ingress message belonging to the first/second set of message classes, otherwise the ingress message is dropped at set forth in the specification and recited in the independent claims 13 and 16.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
